

Streetwise Barbarian Max Instructions (SWBAR9MAX)

CHARGING

The unit contains rechargeable batteries preinstalled. The unit cannot be opened, as this will void the warranty. It is recommended fully charging the stun baton before initial use. Plug the charging cord into the bottom of the unit and plug the opposite end into a standard wall outlet. The Charging Indicator Light will light up green when charging. Charge unit for 4 to 8 hours. **IMPORTANT: Don't charge for more than 8 hours at a time.** Overcharging can damage the unit and will void the warranty. When used infrequently the unit will need to be recharged for 8 hours every 60 days. If the flashlight is used frequently or if the electrical current becomes noticeably weaker, the unit will need to be charged.

LED FLASHLIGHT

1. With the Power ON/OFF Switch in either the ON or OFF position, press the Flashlight Button on the top of the handle in to turn on the flashlight.
2. The flashlight modes are Hi, Low, and Strobe.
3. If you want to change to another light mode press the button halfway.
4. To turn the light OFF fully press the button. *Note: Turning this switch back ON will also change the flashlight mode.*

OPENING THE HANDGUARD

Twist the bottom half of the handguard 90 degrees in either direction until it snaps in place.

TESTING THE STUN BATON

We recommend test firing the stun baton and becoming familiar with its operation before you need to use it to defend yourself. **WARNING: Don't test fire for more than 1 second as this will damage the unit and void the warranty.**

1. Slide the Power ON/OFF Switch (located on the end of the unit) to the ON position.
2. Press the Stun Activation Button to test fire the unit. You will see and hear a charge fire across the top of the unit between the test probes.

3. **IMPORTANT: Slide the Power ON/OFF Switch on the bottom of the unit to the OFF position when you have finished test firing.**

USING THE STUN BATON IN SELF DEFENSE

1. With the Power ON/OFF Switch (located on the bottom of the unit) in the ON position, touch your assailant's body with the contact probes and press the Stun Activation Button.
2. Touching anywhere on the assailant's body will have an effect. However, the maximum effect is achieved in the areas shown to the right:
3. When touching the assailant's body, you will not see or hear the electrical charge as you do when the unit is test fired. You can hold the Stun Activation Button down for more than 1 second, as this will not damage the unit, as it will when being test fired.
4. You do not have to be concerned about the effects of the charge being transferred to you. Even if the assailant touches you while being stunned, you will not feel the effects of the charge.

EFFECTS OF THE UNIT ON AN ASSAILANT

1. Touching an assailant for less than 1 second will cause minor muscle contractions and have a repelling effect.
2. Touching an assailant for 1 to 2 seconds will cause muscle spasms and a dazed mental state.
3. Touching an assailant for 3 to 5 seconds will cause loss of balance and muscle control, total mental confusion, and disorientation. All effects to the assailant are temporary; the stun gun can cause no permanent harm.

NOTE: The device should not be used for longer than 5 seconds.

WARRANTY

There is a lifetime warranty that covers defects in materials or workmanship, with the following exceptions:

- The warranty does not cover damage resulting from accident, misuse or abuse, lack of reasonable care, water damage or excessive moisture, the affixing of any attachment not provided with the product, loss of parts, or recharging the unit in any manner not in accordance with the included instructions.
- The warranty will be voided if the unit has been opened or tampered with in any way.
- The warranty does not cover corrosion in the battery compartment caused by long-term battery storage.
- The warranty covers the unit only and not the charging cord or any other accessories.
